how to apply IsaDora mineral foundation powder

Important – a little goes a long way

- 1.** Place a small amount of Mineral Foundation Powder into the lid. Carefully work the powder into the Mineral Foundation Powder Kabuki Brush, swirling it up.
- 2.** Make sure you tap off excess powder.
- 3.** Apply to face using small circular motions, gently buffing it in. Start on problem areas or in the center of your face and work your way out toward the hairline. Re-apply for more coverage.

Fragrance free. Clinically tested.
